Item no.: 344489
 shipping weight: 0.90 kg
 Manufacturer: Delock

Product Description

RJ45 crimp and cut tool set

With this tool set by Delock and the matching Crimp + Cut plugs, a network cable can be quickly and easily connected to an RJ45 plug.

The RJ45 crimp + cut connector allows the wires to be led out to the front; this speeds up the installation and the occupancy can be checked. At the same time, performance is improved because the wire pair remains twisted close to the contact. When crimping, all wires are contacted at the same time and the protruding cable ends are cut off.

- Metal pliers with plastic handles and locks
- Integrated pliers and wire stripper
- Also suitable for conventional RJ45 and RJ12 plugs
- Color: blue / black
- Dimensions (LxWxH): approx. 21.2 x 6.5 x 2.3 cm
