shipping weight: 0.20 kg
Manufacturer: 52Pi

Product Description

Ultimate Cooling Fan Kit For Raspberry Pi

The cooling fan kit features a high speed and low noise. It can be mounted close to the heating chip for better heat dissipation. It's ideal for the Raspberry Pi 3 Model B+ (Plus) and especially fits the Retroflag Nespi case.

Package includes:

- 1x dual fan
- 1x thin thermal tape
- 1x thick thermal tape
- 1x copper heatsink
- 1x user manual
- 1x aluminum heatsink (only for Raspberry Pi 3B+)
- Thermal tape will stick the cooling fan stably to the Raspberry Pi
- Parameter: 7500 rpm/min
- Used for Raspberry Pi 3B+ & Raspberry Pi 3/2 Model B
