Product Description

DisplayPort 2 - 1 Switch bidirectional 8K 30 Hz

This DisplayPort switch by Delock is a manual bidirectional switch for connecting different devices with DisplayPort port. This switch offers two different applications.

1. Up to 2 devices can be connected to a monitor, TV or projector. At the push of a button, the device that is displayed on the screen can be selected.
2. A DisplayPort device can be connected to up to 2 screens. The screen on which the signal is displayed can be selected at the touch of a button. Simultaneous output to multiple screens is not possible.

Note: Please use short length and high-quality cables, especially for higher resolutions.

Package content

- Switch bidirectional
- USB power cable, length: ca. 1 m
- User manual
- DisplayPort port selection by button
- Resolution up to: 7680 x 4320 @ 30 Hz; 3840 x 2160 @ 144 Hz (depending on the system and the connected hardware)
