

Item no.: 354342

Fibre optic duplex OS2 (singlemode, 9/125) SC/SC, LSZH, exchangeable polarity, 15m

from **13,22 EUR**

Item no.: 354342
shipping weight: 0.30 kg
Manufacturer: VARIA Group

Product Description

Fibre optic (FO) patch cables make it possible to connect different network components with each other and ensure loss-free data transmission. Different quality classes (OMx/OSx) facilitate the qualitative and functional differentiation of a fibre optic patch cable.

The use of high-quality materials and modern production facilities as well as continuous quality controls during the production process ensure loss-free signal transmission and consistently high quality. Each individual patch cable undergoes testing after assembly. After successful measurement, an individual measurement/test protocol is enclosed with each patch cable.

- Fibre optic (FO) duplex patch cable
- Connection 1: SC (UPC)
- Connection 2: SC (UPC)
- Incl. dust protection caps
- Exchangeable polarity / coding
- Attached bend protection sleeve
- Fibre grade: OS2
- Fibre: G652D
- Fibre type: Singlemode 9/125μ
- cable construction: Duplex
- Cable diameter: 2.0 mm
- Jacket material: Halogen free (LSZH)
- Min. bending radius: 15 mm
- Working temperature: -40°C to +85 °C
- Quality: Each cable comes with its own measuring/testing protocol
- Colour: Yellow (OS2)
- Length: 15 m
