## 20867 - Heat shrink tubing assortment, 4:1 single and double w. inner adhesive, transparent 100-pcs.

from **22,24 EUR**

Item no.: 357330  
shipping weight: 0.20 kg  
Manufacturer: Delock

### Product Description

This heat shrink tubing set from Delock is used to protect and insulate cables, electrical lines or wires. When exposed to heat, the tubing completely encloses the cable and contracts. This protects the cable from the weather and mechanical damage. The adhesive on the inner wall bonds the shrink tubing to the shrink-wrapped wire or cable. This set includes tubing with four different diameters for versatile use.

The handy box is ideal for protecting the shrink tubing, keeping it free from dirt and dust. The box can also be reused for storing various tool accessories, e.g. screws, nuts, etc. The shrink tubing can be stored in the box in a variety of ways.

The shrink tubing can be used e.g. in a workshop, in the home or in industry.

The heat shrink tubing can be heated with a heat gun, thereby shrinking the tubing to a quarter of its original diameter at a shrink rate of 4:1 when heated.

- Contents:-shrinkage ratio 4:1, single-walled:-20 x diameter 8.0 mm-20 x diameter 10.0 mm-25 x diameter 16.0 mm-shrinkage ratio 4:1, double-walled with inner adhesive:-20 x diameter 4.0 mm-10 x diameter 8.0 mm-5 x diameter 16.0 mm
- Tube length: approx. 98 mm
- Shrink temperature: 125 °C
- Colour: transparent
- Material: PE
- Dimensions of assortment box (LxWxH): approx. 203 x 102 x 37 mm
