

Item no.: 357975

euFIX S214 DIN adapter without button

25,28 EUR

Item no.: 357975
shipping weight: 0.50 kg
Manufacturer: Eutonomy

Product Description

With the euFIX adapters, more professionalism moves into your Smart Home.

The professional solution allows you to mount your FIBARO modules on the DIN TH35 top-hat rail and cleverly hide them in the fuse box or switch cabinet. You have the choice between the version with or without button.

The Eutonomy euFIX S214NP is suitable for the FIBARO Smart Module (FIBEFGS-214) and does not have a button.

- Suitable for FIBARO FGS-214
- Version without button
- Power supply: 230 V, 50/60 Hz
