

Item no.: 358283

PCI Express x4 card >Hybrid 2x internal M.2, 2x SATA 6 Gb/s with RAID - Low Profile

from **84,44 EUR**

Item no.: 358283
shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

This PCI Express card from Delock expands the PC with two M.2 slots and two SATA connections. Up to two M.2 modules in 22110, 2280, 2260, 2242 or 2230 format can be installed on this card and up to two SATA SSDs or HDDs can be connected. The card thus offers various combination options for RAID systems. The card supports the Hyperduo function. With this function, an SSD and an HDD are combined in order to be able to use the advantages of both data carriers, the speed of the SSD and the capacity of the HDD.

- Connectors: Internal: 2x 67 pin M.2 Key B slot, 2x SATA 6 Gb/s 7 pin connector, 1x PCI Express x4 V2.0, 1x 4 pin power connector (optional for power supply)
- Interface: SATA
- Supports M.2 modules in 22110, 2280, 2260, 2242 and 2230 format with Key B or Key B+M on SATA basis
- Maximum height of components on the module: 1.5 mm, use of double-sided modules possible
- Data transfer rate up to 6 Gb/s
- Supports RAID 0, RAID 1, RAID 10, HyperDuo Virtual Disk (Safe/Capacity)
