Easy 45 module cover for fibre optic SC duplex coupling, 45 x 22.5 mm 10 pieces white

from **3,36 EUR**

Item no.: 361058
shipping weight: 1.00 kg
Manufacturer: Delock

Product Description

This module cover from Delock provides a hole cut-out for a fibre optic SC duplex coupling. Thanks to the simple snap-in mechanism, the cover sits firmly in place and can be easily replaced if necessary.

This module cover was designed to accommodate various fibre optic SC couplings. For example, optionally available fibre optic SC duplex couplings can be mounted. The low material thickness of only 1.5 mm provides sufficient strength while requiring little space for mounting.

Easy 45 is a variable, modular system that allows components such as sockets, HDMI or USB connections to be assembled according to individual needs. The Easy 45 modules are standardised and can be mounted in various module supports or parapet channels. Easy 45 forms the interface between electrical, network and system installations and numerous peripheral devices, such as TVs, monitors, printers, notebooks and many more.

- Material: PC plastic
- Suitable for Delock Easy 45 module support
- Suitable for 45 mm parapet trunking with at least 45 mm installation depth
- Rectangular cut-out: 26.0 x 9.5 mm
- Hole spacing: approx. 30 mm
- Module size: 22.5 x 45 mm
- Dimensions (LxWxH): approx. 45.0 x 22.5 x 22.0 mm
- Colour: white
