

Item no.: 361066

Fibre optic distributor box for top-hat rail 8 port grey

from **16,11 EUR**

Item no.: 361066
shipping weight: 0.60 kg
Manufacturer: Delock

Product Description

This fibre optic distributor box from Delock is suitable for mounting on a 35 mm wide top-hat rail and can accommodate up to 8 fibre optic couplings of the types SC Simplex or LC Duplex. PG cable glands for passing through fibre optic cables. The fibre optic cables can each be passed through two waterproof PG11 cable glands. With splice cassette. The integrated splice cassette enables clean routing of the individual fibres for optimum transmission of optical wave signals. In addition, the cassette is perfect for mechanical splicing and fusion splicing.

Specification

- 8 slots for SC simplex or LC duplex couplings
- Top-hat rail mounting: 35 mm
- Rectangular cut-out 13.0 x 9.6 mm
- Mounting hole diameter: approx. 1.6 mm
- Hole spacing: approx. 18 mm
- With splice cassette
- PG11 cable glands and sealing plugs
- Ambient temperature: -40 °C ~ 85 °C
- Housing colour: grey
- Enclosure material: metal
- Dimensions (LxWxH): approx. 137 x 126 x 35 mm

Package contents

- Fibre optic distributor box
