USB 2.0 Bluetooth 5.0 Mini Adapter

from **13,23 EUR**

Item no.: 362076
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

The USB 2.0 Bluetooth adapter from Delock enables wireless communication and data transfer, e.g. between two PCs or a PC and a mobile phone or network. Compact design Due to its size of 3 cm and the eyelet, the Bluetooth adapter can be attached to a lanyard, for example.

Bluetooth 5.0 Thanks to the Bluetooth 5.0 standard, this adapter requires less power and has a faster data transfer rate. It is also very easy to pair with the end devices. Without a barrier between the transmitter and receiver, connections of up to 200 metres are possible outdoors. And all this with a transmission power of 100 mW. In addition, data packets can now be up to 255 bytes in size, instead of 31 bytes as before.

Supports A2DP A2DP stands for "Advanced Audio Distribution Profile" and is used to transmit audio signals (stereo) in addition to pure data transmission during wireless transmission via Bluetooth. The stick is therefore an ideal addition, for example, to connect the notebook with Bluetooth-enabled headphones.

Note Windows 10 driver for download under "Drivers Specification

- Connection: 1 x USB 2.0 type-A plug
- Chipset: Realtek RTL8761B
- Bluetooth Standard 5.0 Dual Mode + EDR
- Class 2, range up to 20 metres
- Frequency range: 2.4 - 2.4835 GHz
- Data transfer rate up to 3 Mbps
