

Item no.: 361143

## Fibre optic stripper for fibre optic cables

from **20,63 EUR**

Item no.: 361143  
shipping weight: 0.10 kg  
Manufacturer: Delock

### Product Description

These stripping pliers from Delock are ideal for stripping and stripping fibre optic cables.

The upper, largest opening of the pliers can be used to strip the 2 mm thick outer sheath of the fibre optic cable. The second opening is used to remove the 900 µm solid core coating, while the third opening of the pliers can be used to strip the 250 µm acrylate coatings.

The soft handles and the non-slip material ensure optimal working. The ergonomic handle makes these pliers the perfect companion in the field of fibre optic termination.

Note The pliers have a locking mechanism to prevent unintentional closing or opening.

Specification

- Metal pliers with plastic handles and pliers lock
- Stripping values:
- Primary coating: 250 µm
- secondary coating: 900 µm
- Colour: yellow / black
- Weight: approx. 110 g
- Dimensions (LxWxH): approx. 160 x 55 x 15 mm

System requirements

- Cable suitable for stripping

Package contents

- Wire stripper

Packaging

- Blister
