Pro 3, 3-phase relay

from **86,89 EUR**

Item no.: 357948
shipping weight: 0.50 kg
Manufacturer: Shelly

Product Description

Shelly Pro 3 is a 3-channel 3-phase relay that supports up to 48 A total power and 16 A per channel. It is equipped with floating outputs (dry contacts) and can switch 3 fully independent circuits, including 3-phase circuits. Shelly Pro 3 is equipped with scripting features that allow users to set custom automation scenes based on various events such as weather forecast, wind strength forecast, etc. Enjoy easy automation of offices, homes and facilities!

It can be used with Wi-Fi, LAN and Bluetooth connection. The relay is mounted on a DIN rail in your breaker box. The Shelly Pro 3 offers advanced security features and is compatible with most popular home automation platforms.

Shelly Pro 3 can work independently or complement an existing automation project. Here are just a few applications you may consider for your home, business or office building: Lighting automation, garage door control, 3-phase heating automation, 3-phase pump control and third-party DC system control.

Use your favourite voice assistant to control the Shelly Pro 3. Shelly Pro 3 is compatible with most popular voice assistants such as Amazon Alexa.

You can control the Shelly Pro 3 directly from the Shelly Cloud app without the need for an additional hub. Manage and control your home or facility, set scenes and schedules, and adjust settings wherever you are - via cloud access or just your local network!

Properties:

- Potential-free contacts
- Power supply AC: 110 - 240 V, 50 / 60 Hz
- Switching of direct voltage
- 3-Phase control
- Control of a wide range of appliances: Suitable for controlling and measuring the consumption of lamps, appliances, pool systems, heaters and much more
- Bluetooth: Add devices quickly and easily via a Bluetooth connection with the Shelly Cloud App
- No hub required: Control directly without a hub via your smartphone with the Shelly Cloud App
- Highly compatible: use with your favourite home automation platforms and voice assistants
- Works with Aeotec Smart Home Hub, SmartThings and Homey
- Compatible with Amazon Alexa and Google Home Assistant
