Manufacturer: Delock

Product Description

This serial cable from Delock is a full handshake null modem cable with RTS / CTS and DTR / DTS data flow control. This cable offers the possibility to connect RS-232 devices directly to each other. Optionally, devices can be powered via the RI line.

These cables fit any RS-232 port because the mini D-Sub 9 connectors (44 x 33.3 x 15 mm) are small and compact. In this way, adjacent RS-232 ports can be used.
