Product Description

With this angled USB micro cable from Delock, you can convert the USB micro-B port of your mobile device into a USB-A socket. This allows you to connect e.g. HDDs or memory sticks with a standard USB port to mobile phones, smartphones, tablet PCs etc. with OTG support. The OTG function enables direct data transfer between your mobile device and the USB device without connecting to a computer. It is easy to store due to the spiral cable and takes up less space than conventional cables.

Specification:
