Product Description

CYBERPOWER MBP63AHVHW82U manual bypass IEC

CyberPower MBP63AHVHW82U is designed for connection to a UPS for maintenance purposes and switches the power supply of the end devices from the UPS to the power supply from the mains supply. The MBP contains a PDU with several output sockets for the connection of several devices. The MBP is available in different versions for flexible stand or rack installation.

- 2U rack mount
- Metal housing
- LED status display
- various mounting options
- Product Type: Maintenance Bypass Switch
- Input voltage range (Vac): 200 ~ 240
- Nominal input current (A): 63
- Power supply: cable terminal strip
- UPS power input: cable terminal strip
- UPS outputs: cable terminal strip
- LED displays: Status normal (green), Bypass status (red)
- Management cable: IEC extension x 2, EPO cable x 1
- Housing shape: 2U rack mounting
- Housing construction: metal
- Color: silver
- Installation: multi-position assembly
- Installation directly on rack / tower UPS: Yes
- Dimensions (WxHxD) (mm.): 433 x 86.5 x 125
- Weight (kg.): 4
- Operating temperature (° C): 0 ~ 40
- Operating relative humidity (non-condensing) (%): 0 ~ 90
- Operating altitude (meters): 0-3,000 meters
- Storage temperature (° C): -15 ~ 45
- Storage Relative Humidity (non-condensing) (%): 0 ~ 95
- Storage height (meters): 0-15,000 meters
- Compatible with: OL6KERTHD and OL5KERTHD
