from **71,02 EUR**

Item no.: 358006
shipping weight: 0.50 kg
Manufacturer: frient

Product Description

Feel safe and protected with the Frient Smart Siren, a powerful device that protects your home by deterring intruders with a loud alarm of up to 90 dBm. Battery backup ensures continuous alarm function even during power outages. In addition, this siren acts as a Zigbee signal booster, strengthening communication between your Zigbee devices and making your smart home network more reliable. Rely on the Frient Smart Siren's advanced technology and user-friendly design for peace of mind.

(Please note: This item is best suited for use in a multi-protocol smart home hub and requires a Zigbee 3.0 compatible system).
