Product Description

WiFi CampPro Nano Kit

The WiFi CampPro Nano is a dual-radio designed for retrieving and extending internet access in your house, mobile home, RV, or yacht from remote WiFi hotspots or home WiFi. Power the CampPro Nano by a power bank or USB DC adapter with the USB type-A male connector. The WiFi CampPro Nano has an extra USB port to support the 4G/5G USB modem with the 4G/5G carrier's data plan in the next firmware release.
