13,30 EUR

Item no.: 323617
shipping weight: 0.20 kg
Manufacturer: ALFA Network

Product Description

ALFA AOA-2458-59-TM - Dual-Band Omni Antenna, N (m) ConnectorAlfa AOA-2458-59-TM is a new high-quality, low-cost dual-band omni-directional Wi-Fi antenna with an N male connector. The gain is 9 dBi for 5 GHz and 5 dBi for 2.4 GHz. It has a weather proof fiber glass casing and is a great antenna for boat or RV use. It does not come with a mounting bracket. With its N male connector, it can be connected directly to a variety of outdoor Wi-Fi products that have N female connectors. While it can be mounted separately and connected to a receiver with an extension cable, this does not include a mounting bracket for the antenna.

technical data- Model: AOA-2458-59-TM- Frequency: 2.4/5 GHz dual band- VSWR: less than or equal to 2.0- Gain: 9 dBi (5 GHz), 5 dBi (2.4 GHz)- Polarisation: Vertical- Power handling: 50 Watt- Impedance: 50 Ohm- Connection: N connector- Height: 10.2 inches including connector (260 mm)
