

Item no.: 357359

NL-290BG Multi GNSS BEIDOU GALILEO GPS SMA Antenna 3 m

from **18,77 EUR**

Item no.: 357359
shipping weight: 0.10 kg
Manufacturer: Navilock

Product Description

Use this active antenna on your GNSS equipment to receive GPS and BeiDou (COMPASS) signals simultaneously.

- External active external antenna for GNSS receiver
- Connection: SMA connector
- Polarisation: RHCP
- Frequency ranges: GPS: 1575.42 MHz +/- 3 MHz; BeiDou: 1561.098 MHz +/- 5 MHz
- Antenna gain: 3 dBic
- Patch antenna: 25 x 25 x 6 mm
- VSWR: < 1.5
- Axis ratio: 3dB LNA
- Gain: 28 dB
- VSWR: < 2.0
- Impedance: 50 Ohm
- Input voltage: 3 ~ 5.0 V
- Current consumption: 10 ~ 20 mA
- Operating temperature range: -40 °C ~ 85 °C
- Protection class: IP65
- Weight: 0.150 kg
- Cable type: RG174
- Cable diameter: approx. 2.5 mm
- Cable colour: black
- Cable length incl. connector: 3 m
- Dimensions (LxWxH): approx. 5.00 x 4.25 x 1.65 cm
- Magnetic housing underside
- Material: ABS plastic

System requirements

- GNSS device with SMA socket
