

Item no.: 358582

SATA 3.5" Card Reader for CFast

from **38,20 EUR**

Item no.: 358582
shipping weight: 0.30 kg
Manufacturer: Delock

Product Description

This card reader can be installed in a 3.5" slot or in the PC slot of your PC and is connected to the mainboard via the SATA interface. The CFast card functions, among other things, as an extended storage space or like a hard disk with an operating system, from which you can even boot.

- Connections: External: 1x CFast slot; Internal: 1x SATA 22 pin connector
- Push to push CFast slot (snap-in function)
- Bootable
- Supports CFast type I / II memory cards
- Supports CFast 1.0 and 2.0
- For installation in a 3.5" bay or in a PC slot or in a low profile PC slot
- OS independent, no driver installation required
