from **2,91 EUR**

Item no.: 373004  
shipping weight: 0.10 kg  
Manufacturer: Delock

### Product Description

This Easy 45 rocker switch by Delock is used to switch light sources or power supplies on or off. With this switch, two circuits can be galvanically isolated from each other. Thanks to the simple snap-in mechanism, the rocker switch sits firmly in place and can be easily removed if required. Easy 45 connects Easy 45 is a variable, modular system that allows you to combine components such as sockets, HDMI or USB connections according to your own requirements. The Easy 45 modules are standardised and can be installed in various module supports or trunking. Easy 45 forms the interface between electrical, network and system installations and numerous peripheral devices, such as TVs, monitors, printers, notebooks and many more.
