Product Description

This module cover by Delock provides a 24 mm hole cut-out. Thanks to the simple snap-in mechanism, the panel sits firmly in place and can be replaced easily and without tools if required. Easy 45 connects Easy 45 is a variable, modular system that allows you to combine components such as sockets, HDMI or USB connections according to your own requirements. The Easy 45 modules are standardised and can be installed in various module supports or trunking. Easy 45 forms the interface between electrical, network and system installations and numerous peripheral devices, such as TVs, monitors, printers, notebooks and many more.
