18313 - Experimental Breadboard 630/200 contacts

from **9,60 EUR**

Item no.: 338966
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

Delock Experimental Breadboard 630/200 contacts

This experimental breadboard by Delock enables a fast solderless assembly of small electronic circuits. The circuit can be changed by simply repositioning the components.

- This breadboard is suitable, for e.g. switching tests, PCB projects and various craft projects.
- The breadboards are often used in the hobby sector, in the laboratory, in industry and also at schools or universities, as the assembly is quick and no soldering is necessary.
- The experimental breadboards have an adhesive sticker on the bottom side, to mount it easily to any smooth surface and removed without leaving any residue.
- Connectors: 1 x terminal strip: 300 contacts; 2 x distribution strip: 100 contacts
- self-adhesive
- Material: plastic
- Colour: white
- Dimensions (LxWxH): ca. 165 x 55 x 9 mm mm
- Package content: Experimental breadboard
