90559 - Safety goggles with temples Clear lenses

from **5,91 EUR**

Item no.: 372995
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

These lightweight safety spectacles from Delock impress with their low weight of just 22 grams, which makes them comfortable to wear for longer periods of time. Thanks to the ergonomically shaped temples and the moulded nose wing recess, these safety spectacles also offer a high level of wearing comfort with optimum eye area coverage. Stored in the spectacle bag, these safety spectacles are securely protected from external influences, making them ideal for transport and always ready to hand. In addition, these safety spectacles are completely metal-free, offer a large field of vision thanks to their transparent design and comply with DIN standard 166 F. Note: The Delock safety spectacles comply with protection class DIN EN 166 F, are impact-resistant and offer low-energy protection (up to 45 m/s). Please only use the goggles at room temperature and replace them as soon as the glass becomes defective.
