

Item no.: 373455

18449 - Headphone holder adjustable for table mounting aluminium black

from **19,25 EUR**

Item no.: 373455
shipping weight: 0.20 kg
Manufacturer: Delock

Product Description

This holder by Delock allows you to hang up headphones and store them safely. The mount is ideal for table mounting and is easy to install. The mount can be folded up when not in use, which saves space. There is a non-slip rubber pad on the mounting hook to prevent the headphones from slipping or falling off. The mount can be attached both horizontally and vertically. The mount is made of high-quality aluminium and can support a weight of up to 8 kg. This makes it possible to hang up various items such as handbags, umbrellas or jackets.
