

Item no.: 373792

47235 - 5.25" removable frame for 4 x 2.5" U.2 NVMe SSD with lockable trays

from **237,18 EUR**

Item no.: 373792
shipping weight: 0.90 kg
Manufacturer: Delock

Product Description

This solid metal removable frame by Delock is suitable for installation in a free 5.25" bay of a PC, IPC or server case and allows the operation of up to four 2.5" U.2 SSDs. To ensure maximum speed at each connection, each slot has its own SFF-8643 connection. Quick replacement of the SSDs: The special mechanism allows the SSDs to be replaced quickly and easily. For example, data backups can be removed and stored in a safe place. Protection against theft: Each of the four removable frames is equipped with a separate lock. This protects the hard drives and data from theft and misuse. Well cooled: During operation, two 35 mm fans at the rear provide an efficient and effective airflow to cool all 4 slots. The fans can be set to either slow or fast speed to ensure optimum cooling.

Specification- Internal connections: 4 x SFF-8639 socket- External connections: 4 x Mini SAS HD SFF-8643 socket, 1 x SATA 15 pin power connector- Suitable for 2.5" U.2 NVMe SSD: SSD height up to 15 mm- Compatible with PCI Express V4.0- Removable frame with key lock for each bay- 4 x LED display for power and access- Robust aluminium housing- 2 x fans 35 x 35 mm on the rear- Fan speed adjustable in 2 steps- Key lock- Bootable- Operating temperature: 0 °C ~ 55 °C- Storage temperature: -20 °C ~ 55 °C- Relative humidity: 5 - 65 % (non-condensing)- Dimensions (LxWxH): approx. 146 x 139 x 42 mm System requirements- Linux Kernel 5.1 or higher- Windows 8.1/8.1-64/10/10-64- Windows Server 2016- One free 5.25" bay- Up to four free U.2 ports- Power supply with one free SATA power connector Package contents- 5.25" removable frame- 4 x 2.5" removable frame slot- 2 x keys- 8 x frame screws- 16 x hard drive screws- User manual
