

Item no.: 372261

83656 - Power cable 3 pin plug >3 pin socket (fan) 8 cm - Speed reduc

from **2,12 EUR**

Item no.: 372261
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This power cable by Delock can be used as an extension when connecting a fan. With the help of the integrated resistor, you can operate the fan with 7 V instead of 12 V, for example. This results in a quieter running noise and thus contributes to reducing the overall noise level in the housing. The speed is still monitored. Due to the reduced rotational speed of a fan, the air flow rate is also lower.

Special feature- Integrated resistor to reduce the fan speed
Specification- Connectors: 3 pin male > 3 pin female- Built-in resistor approx. 56 Ohm- Length: approx. 8 cm (incl. connectors)
System requirements- Mainboard with a free 3 pin connector
Package contents- Cable
