Product Description

This network cable by Delock can be used to connect various network devices, e.g. a network card with a switch or patch panel. Super flexible and flat. The RJ45 cable is ideal for laying under carpets, floors or behind wallpaper. The material of the cable sheath is flexible and makes the cable very resistant to loads. With braided sheath. The sheath offers excellent resistance to abrasion and protects the network cable from kinks and breaks. The cable therefore remains durable.
