

Item no.: 383096

85936 - Fibre optic connection box for top-hat rail with splice holder and 2 x LC duplex coupler

from **11,79 EUR**

Item no.: 383096
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This FTTH junction box by Delock is ideal for the fast and secure installation of the fibre optic network in buildings. Up to two SC simplex or LC duplex couplers can be accommodated. Junction box for top-hat rail mounting. The integrated clips enable mounting on a 35 mm top-hat rail. With splice holder. The integrated splice holder enables clean laying of the individual fibres for optimum transmission of fibre optic signals.

Specification- Fibre optic junction box for FTTH applications- Junction box with 2x LC duplex couplers- 2 slots for SC simplex or LC duplex couplers- DIN rail mounting: 35mm- With splice holder- Protective cover- Housing colour: white- Housing material: ABS- Dimensions (LxWxH): approx. 85.0x 60.6x 18.0mm Package contents- Fibre optic junction box- 2x LC duplex coupler- 4x shrink splice protection
