

Item no.: 383146

60619 - Plastic cable protection conduit in oval shape flexible 136 x 63 mm - length 5

from **8,81 EUR**

Item no.: 383146
shipping weight: 0.10 kg
Manufacturer: Delock

Product Description

This corrugated plastic conduit from Delock is suitable for bundling exposed cables, electrical lines or wires to protect them from dirt or damage. The protective conduit is characterised by its high abrasion resistance and heat resistance. In addition, the conduit has a high degree of flexibility to protect cables from excessive bending. Thanks to their robust design and flexibility, protective conduits are often used in installation technology, automation and machine systems. The length of the protective conduit can be shortened individually.

Specification- Length: approx. 5 m- Dimensions: inside: approx. 13.6 x 6.3 mm outside: approx. 16.5 x 9.2 mm- Flexible- Ambient temperature: -40 °C ~ 150 °C- Material: PA- Flammability class: V-2- Colour: black Package contents- Cable protection conduit Packaging- Resealable bag
