### Product Description

This network cable by Delock can be used to connect various network devices, e.g. a network card with a switch or patch panel. Slim patch cable The thin patch cables are characterised by their small cable diameter and enable flexible and space-saving cabling in the network cabinet. With robust latching nose The robust RJ45 plug is ideal for industrial applications where the plugs have to be plugged in and unplugged frequently. Compared to conventional plugs, the industrial plug can be plugged in and unplugged up to 2,000 times without the latching lug being bent or breaking off.
