TL-SG108S - TP-Link TL-SG108S Gigabit Switch

from **35,41 EUR**

Item no.: 374949
shipping weight: 0.60 kg
Manufacturer: TP-LINK

Product Description

TL-SG108S is an eight-port 10/100/1000 Mbit/s switch. It is very compact solution that provides eight fast gigabit ports and is ideal for homes or smaller offices. Green ethernet technology reduces device consumption to an absolute minimum. Supports 802.1p/DSCP, QoS and IGMP Snooping features, which contribute to better latency and transmission optimization for multicast transmissions. Switch has stable metal body and quiet construction without fans.

Connectors and Interfaces- LAN speed: (8) 10/100/1000MbpsPower- Power type: DC connector- Max. power consumption (W): 3,31- Power via connector/terminal: 5V / 0,6APhysical characteristics- Design: Desktop- Fans: Without fan- Chassis design: Metal- Operating temperature (°C): 0 up to 40- Width (mm): 158- Height (mm): 25- Depth (mm): 101General- MAC address table: 4000- Jumbo frame (Bytes): 16000- Packet forwarding rate (Mpps): 11,9
