MCOEMH10-PM-230 - PM2.5 Sensor Air Quality Monitor - 230V

from **156,13 EUR**

Item no.: 327222
 shipping weight: 0.40 kg
 Manufacturer: MCO Home

Product Description

PM2.5 Sensor Air Quality Monitor - 230V

The quality of the air contributes significantly to the room atmosphere and to the own welfare. With the quality monitor MCOEMH10-PM of MCO Home you can check the air quality inside of your home and get notified immediately if the quality is too bad that you and your loved ones are at risk. The air quality monitor detects PM2.5 (fine dust) in the air in real-time and alarms if it reaches defined limit values. In addition, it has integrated sensors for volatile organic compounds (VOC), temperature and humidity. The air quality monitor can control air ventilation systems directly via integrated outputs. The MCOEMH10-PM convinces with high reliability and practicability and is able to work in any Z-Wave network with other Z-Wave certified devices. Therefore you can amplify your home automation system with an additional device increasing your security and comfort.

Features:

- Monitors PM2.5 concentration in air
- High accuracy and reliability
- Modern glass touch surface
- Power supply: 230V
- PM2.5 detection range: 0-999.9 ug/m
- Installation: Wall-mounted (Vertical), Hole Pitch: 60 mm or 82 mm
- Wireless Technology: Z-Wave Plus
- Article Dimensions (WxHxL): 86 x 135 x 59 mm
- Package Dimensions (WxHxL): 112 x 172 x 78 mm
- Article net weight: 0.296 Kg
- Article gross weight: 0.397 Kg
- WEEE
- CE
- IP-Rating: IP20
