Multi sensor with 9 functions

from **235,73 EUR**

Item no.: 358045
shipping weight: 0.50 kg
Manufacturer: MCO Home

Product Description

The MCO Home Multi Sensor A8-9 is a sensor with 9 functions (temperature, humidity, PM2.5, VOC, PIR, light (lux), sound (dBA), CO2 and smoke sensor) in one device. With a clear display and multifunctional monitoring system for measuring indoor air quality, the Multi Sensor is an indispensable helper for an optimal indoor climate.

Features:

- Supports Z-Wave Plus S2 security (encryption)
- Housing: Tempered glass+ PC alloy
- Installation: Wall mounted (Vertical)
- Working environment: -20 to +60? <99%RH (Non-condensation).
- Temperature: -20 to 100?
- Humidity: 0%RH to 99%RH
- PM2.5: 0 to 500ug/m3
- CO2: 0 to 2000ppm
- VOC: 1 to 5 levels
- PIR detection angle up to 120
- Illuminance: 0 to 40000Lux
- Noise: 30dB to 100dB
- Smoke detection
- Power supply: DC12V
- Self-discharge: <3W
