Item no.: 358100
ZIP_BACKUP - Zipabox Backup Module

from **87,01 EUR**

Item no.: 358100
shipping weight: 0.50 kg
Manufacturer: Zipato

📄 Product Description

The Zipabox Backup Expansion Module maintains the function of your Zipabox during a network disruption or power outage. The expansion module is a rechargeable battery that provides up to 24 hours of uninterrupted power to the Zipabox Gateway. The module also has a USB port for connecting a USB 3G stick for a backup internet connection, so you never lose your connection to the cloud. The backup module comes with a tamper sensor that detects shock and vibration and indicates when the module is being tampered with.

- Item dimensions (WxHxL): 63 x 85 x 47 mm
