

## Item no.: 382908 11485 - USB-C KVM Switch to HDMI and DisplayPort 8K MST with USB 2.0

## from 103,34 EUR

Item no.: 382908 shipping weight: 0.30 kg Manufacturer: Delock

## Product Description

This KVM switch by Delock is a practical solution to operate two computers with USB-C<sup>™</sup> DP Alt Mode output on one HDMI and one DisplayPort monitor. Two monitors can be operated simultaneously at the outputs. You can switch from one computer to the other at the touch of a button on the device.PeripheralsFurthermore, a mouse and keyboard or USB memory can be connected via three USB 2.0 ports.USB power supplyThe device is powered via a USB port, a suitable USB cable is supplied. If no free USB-A port is available, an optional external power supply unit is required.Multi-Stream Transport (MST)The product is a Multi-Stream Transport (MST) hub and supports the extended desktop configuration of DisplayPort. Under Windows, the connected monitors are controlled individually and can be combined into one large display.
