Product Description

In addition to the official accessories for the Raspberry Pi, such as the RPi power supply and housing, a matching USB mouse with scroll wheel (and of course an optional USB keyboard with German QWERTY layout) is now also available. The mouse (and keyboard on request) are available in black and grey or in the typical red and white design. The peripherals are connected via a USB cable, which can be plugged directly into the optionally available USB keyboard (on the integrated 3-port USB hub). This means that you do not lose any other USB ports on the Raspberry Pi. The most important features of the USB mouse are:- Optical three-button mouse- Scroll wheel- USB Type-A port- Can be used with all Raspberry Pi products (HAT-compatible)- Ergonomic design for comfortable use- Colour: white Keyboard (can be ordered optionally):- 79-key keyboard (78-key DE keyboard)- 3 USB 2.0 Type-A ports for powering other peripherals- Automatic detection of keyboard language- USB Type-A to Micro USB Type-B cable for connection- Can be used with all Raspberry Pi products (HAT-compatible)- Ergonomic design for comfortable use Scope of delivery:- 3-button USB mouse with integrated scroll wheel white
