shipping weight: 8.70 kg
Manufacturer: Maclean Brackets

Product Description

Maclean MC-811 - Monitor/TV Holder, 17-27", black, 3x 7 kg

The MC-811 desk holder for 3 monitors provides great comfort at work and optimizes ergonomics. By adjusting the angle of inclination, the ability to rotate and change the height, the holder ensures that the position is adjusted to individual preferences. The arms are made of high quality aluminum - they have been equipped with a durable mounting bracket that enables fixing them to the top of the desk or other flat surfaces. Perfect to use in the office and home without the need to drill holes in desks or walls.

Integrated USB 3.0 ports provide convenient access to computer sockets, allowing, for example, charging a phone, smartphone or tablet. Screens with the following VESA standard can be easily attached to the bracket: 75x75, 100x100.

The given screen size is only a suggestion. A larger monitor can be mounted on the holder when it does not exceed the maximum weight and is within the given VESA standard.

- Maximum load: Up to 21 kg (3x 7 kg)
- Adjustable inclination of +90° ~ -90°
- Adjustable rotation of +90° ~ -90°
- VESA standard: 75x75, 100x100
- Material: Aluminum, steel
- Height adjustment: 225 - 575 mm
- Cable masking system
- Designed for 17"- 27" monitors (or larger if their weight does not exceed 21 kg in total and the VESA standard is compatible with the holder)
- Powder coating
- Gas springs allowing you to adjust the height to your own needs
- Sockets: 2x integrated USB 3.0 ports
