from **8,03 EUR**

Item no.: 381937

shipping weight: 0.30 kg

Manufacturer: Maclean Brackets

Product Description

Child protection function: Thanks to special plugs in the sockets of the power strip, you don't have to worry about the safety of your child who, driven by the urge to explore, will scrutinise every other socket on the appliance when the opportunity arises. F sockets: Unusual German input, often called Schuko. It is difficult to find in our country. It is characterised by the classic two holes (for the phase and neutral conductors), the socket is slightly recessed and the spring-loaded metal plates on the sides provide protective earthing. The socket strip can be used anywhere and makes it easy to accommodate right-angle plugs, power supply units, time relays, etc. You can easily connect electrical devices to the socket strip.

Specifications- Maximum load: 3500 W- Child protection function: Yes- RFI/EMI interference protection: No- Cable length: 5m- Type of socket outlets: Type F schuko- Number of socket outlets: 5- Colour: black
