shipping weight: 0.30 kg

Manufacturer: Maclean Brackets

## Product Description

The MC-859 holder is a functional and practical solution that allows you to use your mobile device safely and conveniently while driving. This keeps the device always in one place, convenient for the driver. The design of the holder allows mounting of devices with a diagonal of up to 6.8 inches. Using a phone holder increases driving safety by allowing the driver to focus on the road while having easy access to navigation, phone calls and other functions. The stand does not block access to the ports, so you can easily charge the device while using the holder. Specification- Manufacturer: Maclean- Model: MC-859- Suitable for devices with a diagonal of up to: 6.8'- Mounting: on the dashboard using a suction cup- Black colour- Dimensions: 13.6 x 13.6 x 3 cm- Weight: 257g- Material: Silicone, ABS Set includes- Maclean MC-859 dashboard phone holder- Manufacturer's packaging Features- Allows you to use your mobile device safely and comfortably while driving- Fits devices up to 6.8'- The solid construction ensures a secure hold of the phone even in more difficult road conditions- The modern and aesthetic design of the handle makes it fit perfectly into the interior of most cars- Does not block access to the phone's ports
