

Item no.: 384244

## EB31047 - official Raspberry Pi USB Keyboard UK QWERTY red and white

from **22,52 EUR**

Item no.: 384244

shipping weight: 0.30 kg

Manufacturer: Raspberry Pi Foundation

### Product Description

In addition to the official accessories for the Raspberry Pi, such as the RPi power supply and housing, the matching UK keyboard (and of course an optional mouse) is now also available. The keyboard (and mouse on request) is available, as usual, in black/grey or in the typical red/white design. The peripherals are connected via a USB cable, as the keyboard already has an integrated 3-port USB hub. This means that no USB connections are lost and you can conveniently connect a USB stick, an external hard drive or other USB extensions directly to the keyboard if required. The most important features of the QWERTY UK keyboard are:- 79-key keyboard (UK)- 3 USB 2.0 Type-A ports to power other peripherals- Automatic detection of keyboard language- USB Type-A to Micro USB Type-B cable for connection- Compatible with all Raspberry Pi products- Ergonomic design for comfortable use- Colour red/white Mouse (can be ordered as an option):- Optical three-button mouse- Scroll wheel- USB Type-A port- Compatible with all Raspberry Pi products- Ergonomic design for comfortable use Scope of delivery:- USB keyboard with UK layout (QWERTY) Colour red/white
