Item no.: 375007
TL-WPA4226 KIT - TP-Link TL-WPA4226KIT Powerline Wi-Fi Kit

from **69,19 EUR**

Item no.: 375007
shipping weight: 0.50 kg
Manufacturer: TP-LINK

🖺 Product Description

TL-WPA4226KIT is a powerline kit for data transmission over the electrical network and also integrates a WiFi Access Point in each Powerline unit, which is a great simplification that you do not need another device in the form of a dedicated Access Point in that installed place. Powerline units communicate with each other in the AV600 standard, which is at a modulation speed of 600Mbps, and one of them even contains a through-socket electrical outlet, which is an advantage where there are not many of them. The advantage of these units is the Wi-Fi Clone function, where if a button on one of the units is pressed, the wireless settings are copied to the other unit as well. WiFi is thanks to the built-in antennas 2x2 MIMO, can work with 802.11b/g/n standards and has a modulation speed of 300Mbps.

Specification- Plug type: EU- Standards and protocols: HomePlug AV, IEEE 1901, IEEE 802.3, IEEE 802.3u, IEEE 802.11b/g/n- Power consumption: Maximum: 8.218 W (220 V/50 Hz); Typical: 7.686 W (220 V/50 Hz); Standby: 4.630 W (220 V/50 Hz)- Range: 300 metres via circuit- Interface: Ethernet connection, mains connection socket- Buttons: Pair, Reset, Wi-Fi Clone- LED indicator: Power, Powerline, Ethernet, Wi-Fi- Dimensions (W x D x H): TL-WPA4220: 1.6 x 2.1 x 3.7 inches (40 x 54 x 94 mm) TL-PA4020P: 1.7 x 2.3 x 3.7 inches (42 x 58 x 95 mm)System requirements- Windows 2000/XP/2003/Vista, Windows 7/8/8.1/10, Mac, LinuxScope of delivery- AV600 Powerline Wi-Fi Kit: 1 × TL-WPA4220, 1 × TL-PA4020P - 2 × Ethernet cables (6.6 feet/2 metres each)- Quick Installation GuidePowerline- Range [m]: 300- Powerline security: 128bit AES- Modulation technology: OFDM (PLC)- Powerline speed [Mb/s]: 600Wireless features- WiFi standards: 802.11n, 802.11b/g- Transmission speed - 2.4GHz [Mb/s]: 300- Type of antenna: Built-in- Integrated WiFi: Yes- Connectors and Interfaces- Integrated power socket: Yes- LAN speed: (2) 10/100MbpsPower- Max. power consumption [W]: 0,5Physical characteristics- Buttons: Pair- Operating temperature [°C]: 0 up to 40- Width [mm]: 58- Height [mm]: 95- Depth [mm]: 42
