## TL-WR802N -

## from 24,80 EUR

Item no.: 374921 shipping weight: 0.20 kg Manufacturer: TP-LINK

## Product Description

Router TL-WR802N is designed for use with tablets, smartphones, portable game consoles and other portable electrical wireless devices. Devices that can be powered by an external power supply or USB connection to your computer, you can easily connect to the Internet and share the connection in an average-sized room rate of 300Mbps. Due to its small size, it is ideal for use when travelling, but is powerful enough to ensure the operation of almost all basic wireless applications.
