

Item no.: PC-12_20M

PC-12 - Power Cable, 12 AWG, 20 m

from **46,57 EUR**

Item no.: PC-12_20M
shipping weight: 3.60 kg
Manufacturer: Ubiquiti

Product Description

Ubiquiti PC-12 - Power Cable, 12 AWG, 20 m Carrier-Grade Outdoor Electrical Cable Available in 65.6 ft (20 m) lengths, PowerCable(TM) supplies reliable DC power to your EdgePoint(TM) devices. Built to Last PowerCable is an all-weather, UV-resistant cable designed for outdoor installations. PowerCable uses a fire-resistant, polyethylene jacket (FT-1) and operates in a temperature range from -30°C to 90°C. Reliable High Power PowerCable features 12 AWG stranded tinned copper conductors, capacitance of 28 pF/ft (at) 1 kHz, DCR of 1.77 ohms/1000 ft (at) 20° C, voltage rating at 300 V, and impedance of 56 ohms.

- All-weather, UV resistant for outdoor installations
- 12 AWG Tinned Stranded Copper
- Fire resistant Polyethylene jacket (FT-1)
- Temperature range: -30° C to 90° C
- Pull tension: 80 lb. minimum
- Capacitance: 28 pF/ft (at) 1 kHz
- DCR: 1.77 ohms/1000 ft (at) 20°C
- Voltage rating: 300 V
- Impedance: 56 ohms
