### Product Description

Product description: The Maclean Ultra-Slim cable series has been designed to combine excellent parameters, comfort of use and an affordable price. High-quality audio-video cable. Narrow cable for increased comfort and mobility. 24 carat gold plated connectors. Oxidation-resistant connections to ensure the best conductivity and reduce signal loss. It supports a very wide frequency band and all formats. Double shielded to ensure immunity to interference and reduce distortion. Ethernet - no need for additional internet cables, all in one HDMI v1.4 cable. Support for resolutions higher than Full HD ("4K" - 4096 x 2160). Full support for 3D images. Pure sound. Works with devices such as: projectors, plasma screens, LCD TV, digital monitors, TFT/LCD panels.
