Product Description

High-quality energy-saving LED panel by Maclean EnergyLED panel designed to illuminate indoor areas such as staircases, corridors, basements, garages, checkrooms, toilets, etc. It was made of durable aluminum and PVC. Maclean Energy LED panel is the best solution for your office, store or your own home. It is an alternative to traditional ceiling fixtures. The milky lampshade allows for uniform light distribution. The use of flicker-free technology prevents the LEDs from flickering. Prolonged stay in rooms illuminated by panels with flicker can cause fatigue, headaches and impaired concentration. Maclean panels contain no harmful substances, making them environmentally friendly. They fit perfectly into suspended ceilings. It is possible to mount the panel in a special surface frame and mounting cables also available for purchase. Technical specifications:- Input voltage: AC 220-240V- Power frequency: 50/60 Hz- Protection class: IP20- Power: 40 W- Luminous flux: 3200 lm- Light color: neutral white- Lifetime: 30000 hours- Number of on/off cycles: 20000- Light angle: 110°- Operating temperature: from -20° to +35°- Dimensions: 1195 x 295 x 8 mm- Does not work with dimmers
