shipping weight: 1.50 kg
Manufacturer: Maclean Brackets

Product Description

High-class energy-saving LED panel from Maclean EnergyLED panel designed to illuminate internal parts of rooms such as: staircases, corridors, basements, garages, cloakrooms, toilets, etc. It is made of durable aluminum and PVC. The Maclean Energy LED panel is the best solution for your office, shop or home. It is an alternative to traditional ceiling fixtures. The opal lampshade allows for uniform light distribution. The use of flicker-free technology prevents the LEDs from flickering. Long-term stay in rooms lit with flickering panels may cause fatigue, headaches and impaired concentration. Maclean panels do not contain harmful substances, making them environmentally friendly. They fit perfectly into suspended ceilings. It is possible to mount the panel in a special surface-mounted frame and mounting ropes, also available for sale. Technical Specifications:- Input voltage: AC 220-240V- Power frequency: 50/60 Hz- Tightness class: IP20- Power: 40W- Luminous flux: 3200 lm- Light color: warm white- Service life: 30000 hours- Number of on/off cycles: 20000- Beam angle: 110°- Operating temperature: -20° to +35°- Dimensions: 595 x 595 x 8 mm- Does not work with dimmers
