Product Description

MC-821 is a universal magnetic car holder for tablets and other electronic devices. The handle is mounted on the headrest of the chair. Thanks to durable elements, the handle is extremely stable and long-lasting. The adjustment system allows you to set the tablet holder at the right angle. It is compatible with practically all tablet PC models with a diagonal of up to 10 inches. Thanks to the rotatable head (360°), it is possible to position the device at any angle. The handle is made of high-quality materials, it is durable and long-lasting. Very easy to install - no screws or tools required. Simply attach the plate to the back of the device and bring it close to the holder. The magnet does not interfere with the operation of the tablet or phone. It has no negative impact on the GSM signal, GPS or Bluetooth operation.
