MCE143 - Dual motion sensor

from **15,19 EUR**

Item no.: 376748
shipping weight: 0.40 kg
Manufacturer: Maclean Brackets

Product Description

Multifunctional flush-mounted switch with motion sensor, equipped with a highly sensitive infrared detector. MCE143 is a device with comprehensive functionality that allows you to save electricity. Thanks to the infrared sensor, the product enables the load to be switched on automatically after detecting movement in the detection field. Thanks to the light-sensitive sensor, the device can be set to work only at a specific time of day. Technical specifications- Double PIR motion sensor, integrated, range 8 m, 1200 W/300 W- Supply voltage: 220-240V/50Hz- Detection range: max. 8 m (<24 °C)- Light sensor: 3-2000LUX (adjustable)- Switch-on time: min.: 10s±3s - max.: 15min±2min- Load capacity: 120W (incandescent lamps) - 300W (energy-saving lamps)- Detection field: 360°- Operating temperature: -20~+40°C- Operating humidity: <93 % RH- Recommended installation height: max: 2.2 m ~ 4 m- Power consumption: 0.5 W- Detected movement speed: 0.6-1.5 m/s
