from **19,64 EUR**

Item no.: 375226
 shipping weight: 0.40 kg
 Manufacturer: Maclean Brackets

Product Description

The MCTV-948 antenna is a universal antenna for receiving analog and digital DVB-T/T2 H.265 HEVC TV programs. The advantages of the antenna are its small size and weight, as well as the use of a suction cup, which gives unlimited possibilities for mounting the antenna, for example:- to the glass (both in the car and in the apartment outside and inside the room)- to all smooth painted surfaces (furniture, etc.) The antenna provides excellent reception of stations broadcasting in horizontal or vertical polarization (without rotating the antenna). The built-in state-of-the-art amplifier ensures that the antenna is highly resistant to any external interference, such as cellular networks, WiFi networks, CB-Radio and other unwanted signals. Specifications- Frequency range: 174-230 Mhz, 470-790 MHz- Energy gain: 30-33 dB, max 44 dB- Output: 75 ohm- Power supply: 5V from the USB socket located on the TV receiver or set-top box or other USB sockets such as a phone charger, optionally from a USB AC adapter or car cigarette lighter plug with a USB socket. The set includes- Active room antenna DVB-T/T2 H.265 HEVC Maclean Slim MCTV-948- Antenna cable- Antenna plug- USB-5V connector- Stand for mounting the antenna- Suction cup- Mounting instructions- Manufacturer's packaging- Proof of purchase. Features- Universal antenna for receiving analog and digital DVB-T/T2 H.265 HEVC TV broadcasts- Small size and weight- Provides excellent reception of stations broadcasting in horizontal or vertical polarization (without cutting the antenna).- The use of suction cup gives great possibilities for fixing the antenna- Built-in amplifier- Perfect as a room antenna, for cars, laptops, camping trailers, yachts, summer houses- Manufactured in Poland
